Hello from the Streaked Mountaineers Snowmobile Club!

### Do you know about us?

We are the membership based non profit organization that maintains all of the snowmobile trails in the town of Buckfield. We are the folks who build, maintain, and groom the trails and bridges that give you access to miles of riding access in your own backyard. We rely heavily on a group of volunteers along with some knowledgeable contractors to ensure trail access is available to you and the snowmobile community every year.

### Want to get involved or offer input?

We meet once monthly on the third Wednesday from 6:00-8:00 at our clubhouse which shares an entrance with the school bus garage. We are the little building located to your immediate right as you enter the driveway. Please feel free to drop in to any meeting to make a connection, ask questions, or offer ideas! If you like to get your hands dirty plan to stop by the trail grooming garage located to the left of the town garage. We meet every Sunday at 8:00 and usually work until about 12:00.

### Will you become a member?

Part of what keeps all of the trail projects funded and grooming equipment maintained are our membership dues. We would invite you to become a member by providing a few pieces of information and a \$30 membership fee. The price is good for the entire year and your whole family. In return we are committed to providing you with the best riding access possible. We would also like to offer you a hard copy trail map along with a pair of coveted "Streaked Mountaineers" stickers to adorn your truck or machine to go with your new membership!
